Capability Annex

OIML R 85:2008

Parameter	Value	Remarks
Type of sensor (e.g. Servo, Radar, …)		
Maximum product level	m	
Minimum ambient temperature	°C	
Maximum ambient temperature	°C	
Minimum temperature of the liquid and the medium above the liquid	°C	
Maximum temperature of the liquid and the medium above the liquid	°C	
Minimum working pressure in the tank	bar	
Maximum working pressure in the tank	bar	
Characteristics of the liquid and of the medium above the liquid		
Minimum densities of the liquid and of the medium above the liquid	$kg \cdot m^{-3}$	
Maximum densities of the liquid and of the medium above the liquid	$kg \cdot m^{-3}$	

Restrictions:
